2. The application has been amended as follows:

Page 7 line 14, **delete** ~~Figure 8~~ and **insert** Figure 8, 8A and 8B

Page 8 line 9, **delete** ~~Figure 17~~ and **insert** Figure 17, 17A, and 17B

Claim 1, line 1 after the word "A" **insert** computer implemented

Claim 12, line 1 after the word "A" **insert** computer implemented

Claim 20, line 1 after the word "A" **insert** computer implemented

3. The following is an examiner's statement of reasons for allowance:

Applicant's amendment and response filed November 15, 2004 overcomes the rejections cited under 35 USC 112 second paragraph. to determine similarity of the multidimensional vectors as cited in the claims. Regarding independent claim 12, the prior art fails to disclose the following limitation comparing the dimensional query-vector with at least one of the dimensional segment-vectors, and as a result of the comparison, making a determination whether the dimensional query-vector is similar to the compared segment-vector. Regarding independent claim 20, the following limitation is not disclosed as claimed mapping, using a random projection, slices of sequence of events to multidimensional (k) vectors and mapping a query sequence of events to a multidimensional (k) query vector. Regarding independent claim 34, the prior art of record fails to teach a query event vectorizer and comparator as claimed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
